(a) *Scope.* A state-licensed branch or agency shall file with the Board a prior written application for permission to engage in or continue to engage in any type of activity that:

(1) Is not permissible for a federal branch, pursuant to statute, regulation, official bulletin or circular, or order or interpretation issued in writing by the Office of the Comptroller of the Currency; or

(2) Is rendered impermissible due to a subsequent change in statute, regulation, official bulletin or circular, written order or interpretation, or decision of a court of competent jurisdiction.

(b) *Exceptions.* No application shall be required by a state-licensed branch or agency to conduct any activity that is otherwise permissible under applicable state and federal law or regulation and that:

(1) Has been determined by the FDIC pursuant to 12 CFR 362.4(c)(3)(i)-(c)(3)(ii)(A) not to present a significant risk to the affected deposit insurance fund;

(2) Is permissible for a federally-licensed branch but the OCC imposes a quantitative limitation on the conduct of such activity by the federal branch;

(3) Is conducted as agent rather than as principal, provided that the activity is one that could be conducted by a state-chartered bank headquartered in the same state in which the branch or agency is licensed; or

(4) Any other activity that the Board has determined may be conducted by any state-licensed branch or agency of

a foreign bank without further application to the Board.

(c) *Contents of application.* An application submitted pursuant to paragraph (a) of this section shall be in letter form and shall contain the following information:

(1) A brief description of the activity, including the manner in which it will be conducted and an estimate of the expected dollar volume associated with the activity;

(2) An analysis of the impact of the proposed activity on the condition of the U.S. operations of the foreign bank in general and of the branch or agency in particular, including a copy, if available, of any feasibility study, management plan, financial projections, business plan, or similar document concerning the conduct of the activity;

(3) A resolution by the applicant's board of directors or, if a resolution is not required pursuant to the applicant's organizational documents, evidence of approval by senior management, authorizing the conduct of such activity and the filing of this application;

(4) If the activity is to be conducted by a state-licensed insured branch, a statement by the applicant of whether or not it is in compliance with 12 CFR 346.19 and 346.20, Pledge of Assets and Asset Maintenance, respectively;

(5) If the activity is to be conducted by a state-licensed insured branch, statements by the applicant:

(ii) Explaining why the activity will pose no significant risk to the deposit insurance fund; and

(6) Any other information that the Reserve Bank deems appropriate.

(d) *Factors considered in determination.*

(1) The Board shall consider the following factors in determining whether a proposed activity is consistent with sound banking practice:

(i) The types of risks, if any, the activity poses to the U.S. operations of the foreign banking organization in

general and the branch or agency in particular;

(ii) If the activity poses any such risks, the magnitude of each risk; and

(iii) If a risk is not de minimis, the actual or proposed procedures to control and minimize the risk.

(2) Each of the factors set forth in paragraph (d)(1) of this section, shall be evaluated in light of the financial condition of the foreign bank in general and the branch or agency in particular and the volume of the activity.

(e) *Application procedures.* Applications pursuant to this section shall be filed with the responsible Reserve Bank for the foreign bank. An application shall not be deemed complete until it contains all the information requested by the Reserve Bank and has been accepted. Approval of such an application may be conditioned on the applicant's agreement to conduct the activity subject to specific conditions or limitations.

(f) *Divestiture or cessation.* (1) In the event that an applicant's application for permission to continue to conduct an activity is not approved by the Board or, if applicable, the FDIC, the applicant shall submit a detailed written plan of divestiture or cessation of the activity to the responsible Reserve Bank within 60 days of the disapproval. The divestiture or cessation plan shall describe in detail the manner in which the applicant will divest itself of or cease the activity and shall include a projected timetable describing how long the divestiture or cessation is expected to take. Divestitures or cessation shall be complete within one year from the date of the disapproval, or within such shorter period of time as the Board shall direct.

(2) In the event that a foreign bank operating a state branch or agency chooses not to apply to the Board for permission to continue to conduct an activity that is not permissible for a federal branch or which is rendered impermissible due to a subsequent change in statute, regulation, official bulletin or circular, written order or interpretation, or decision of a court of competent jurisdiction, the foreign bank shall submit a written plan of divestiture or cessation, in conformance with paragraph (f)(1) of this section, within

60 days of January 1, 1995 or of such change or decision.

(a) *General.* Pursuant to the Foreign Bank Supervision Enhancement Act, Pub.L. 102-242, 105 Stat. 2286 (1991), the Board shall develop and publish criteria to be used in evaluating the operations of any foreign bank in the United States that the Board has determined is not subject to comprehensive supervision or regulation on a consolidated basis.

(b) *Criteria.* Following a determination by the Board that, having taken into account the standards set forth in § 211.24(c)(1) of this subpart, a foreign bank is not subject to comprehensive, consolidated supervision by its home country supervisor, the Board shall consider the following criteria in determining whether the foreign bank's U.S. operations should be permitted to continue and, if so, whether any supervisory constraints should be placed upon the bank in connection with those operations:

(1) The proportion of the foreign bank's total assets and total liabilities that are located or booked in its home country, as well as the distribution and location of its assets and liabilities that are located or booked elsewhere;

(2) The extent to which the operations and assets of the foreign bank and any affiliates are subject to supervision by its home country supervisor;

(3) Whether the appropriate authorities in the home country of such foreign bank are actively working to establish arrangements for the comprehensive, consolidated supervision of such bank and whether demonstrable progress is being made;

(4) Whether the foreign bank has effective and reliable systems of internal controls and management information and reporting, which enable its management properly to oversee its worldwide operations;

(5) Whether the foreign bank's home country supervisor has any objection to the bank continuing to operate in the United States;
